■ ShopVibe - Marketing Sheet

ShopVibe is a modern eCommerce web application built with Python Flask and MongoDB. It includes an integrated admin panel, email/password-based authentication, full product CRUD, PDF/Excel report export, and a polished frontend ready for deployment.

■ Key Features:

- ✔ Admin login system using email and password
- ✔ Full-featured product CRUD dashboard (Add/Edit/Delete)
- ✔ Real MongoDB integration with secure session management
- ✔ Auto-generated PDF and Excel reports
- ✔ Responsive UI using Bootstrap + HTML
- ✔ Modular and scalable Flask Blueprint architecture
- ✔ GitHub-ready with live demo + ZIP export
- ✔ Includes promo PDF and marketing thumbnails
